## Glen Ridge Schools.

Edmund A. Smith came out last week in a newspaper manifesto attacking the Glen Ridge Board of Education in the carrying out of their plans to provide schooling facilities, as best they can, until public school buildings can be erected within the Borough. Mr. Smith insists that the temporary school accommodations to be furnished in Glen Ridge will be poor, and he advises and urges parents to send their children to Bloomfield "as heretofore, in the confident expectation that they will be admitted and cared for there."

At the Glen Ridge school meeting recently held, E. A. Smith was present, made his speech, and offered a motion that the appropriation asked for be cut down from \$7,000 to \$3,500. There was not a citizen present who would second Mr. Smith's attack on the Glen Ridge schools, and in the voting not one voted against the \$7,000 recommended. It is not probable that Mr. Smith's influence has increased an iota since that school meeting. Still if for any reason, ten or fifty children resident in Glen Ridge should be sent to the Bloomfield public schools and received there "as heretofore," it would simply mean less work, less expense and trouble for the Borough School Board and teachers, and correspondingly more expense and trouble for Bloomfield teachers and taxpayers. E. A. Smith's advice not to pay Borough tax, to boycott Borough schools, etc., is simply ridiculous. The school tax, and all other taxes assessed in the Borough, will have to be paid there, and not one dollar of such taxes can or will be paid anywhere else.

Any citizen in Glen Ridge does not care to send his children to the home school provided, preferring to send to private schools or outside public schools, he can do so. He can also refuse or neglect to pay his taxes, but pay-day will come, and then he will be treated as any ordinary delinquent, obliged to pay the tax with interest and cost.

**Will Mr. Lockwood Reply?**  
There has been evolved a rampant and roaring faction in Glen Ridge that calls itself "Anti-Borough Republican." Those loudest in proclaiming themselves that sort of Republican have succeeded in electing Arthur J. Lockwood ostensibly to represent the Borough on the Republican County Committee. In view of these facts, the editor of THE RECORD addressed to Mr. Lockwood the following note:

BLOOMFIELD, N. J., Aug. 30, 1895.  
Mr. A. J. LOCKWOOD.

Dear Sir: Before issuing THE RECORD for next Friday I would like to be informed authoritatively of your exact position in regard to Glen Ridge-Bloomfield politics. You have been elected Republican County Committeeman to represent, as I understand the object of the recent Primary, the Borough of Glen Ridge distinctively. Before in any way publicly endorsing the rather equivocal position in which you seem placed as an accredited "anti-Borough" man, I would like to be simply answered this question:

Are you loyal to the Borough of Glen Ridge as a citizen and member of the Republican County Committee?

Very truly yours,

Ten days have passed and no reply of any sort has been received. We therefore, courteously renew the inquiry, insisting that in fairness to the plain, quiet non-factional Republicans of Glen Ridge Borough, Mr. Lockwood should let them know where he stands. Is he (1) simply a Glen Ridge-Borough Republican; or (2) an "Anti-Borough Republican"; or (3) is he "on the fence"?

The first is the only honorable position for the County Committeeman under the circumstances to occupy unless he has committed himself fully to the ill-assorted company of schemers, hypocrites and parasites who have pooled their issues for the perpetuation of ring-rule in Bloomfield and Glen Ridge.

**Sewer Work.**  
The dry weather of the past few weeks has saved the taxpayers and contractors for sewer work in Bloomfield a good many dollars.

Twenty inch pipes have been laid in Spruce Street as far as Fremont Street, the grade being four feet below the bottom of the canal, and yet, on account of the drought, no water has been encountered. A shaft to the depth of 26 feet has been sunk on each side of the railroad at Spruce Street crossing, where tunneling is to be done, and an iron sewer pipe put through. There is some water at the bottom, but the contractors do not

anticipate any trouble in completing the sewers by the first of October. In two weeks more the lateral sewers will be finished.

The N. Y. & G. L. R. R. Co. through Counsel Cortlandt Parker, have taken an appeal from the ordinance passed by the Township Committee, requiring them to erect gates at Benson, Spruce, Walnut, Orchard and Willett Streets. This matter of gates was brought up in the Township Committee a year ago by Mr. Gilbert, but at that time no law was on the statute books requiring Railroad Companies to maintain gates at crossings in townships, but at the last session of the Legislature, through the efforts of Assemblyman Skinner, a law was passed which gave townships the power to compel their erections, and when Chairman Stout instructed the Legal Committee to prepare an ordinance and submit it to the Committee for action it was done without a dissenting vote.

Some time ago our Township Clerk was instructed to write the Board of Freeholders requesting them to take some action toward the erection of a new bridge across the canal at Newark Avenue. The Board appointed a committee to look into the matter and report. We would like to impress upon them the necessity of prompt action, for with the introduction of the trolley on Bloomfield Avenue Bloomfield needs all the avenues of communication with the great City of Newark it can get. This is a matter Belleville and Newark are as much interested in as Bloomfield. Let our Freeholders show some favorable action toward accomplishing this much needed improvement.

**Gathered by the Way.**  
Our people are beginning to turn their faces homeward and soon all will be seen in their accustomed places. In another Sunday the First Church will re-open, and on the Monday following the streets will present a more active appearance than they have had for some time, as the public schools open on that day. It is to be hoped that by that time a cool wave will have come to stay. Now we can almost envy the Scotchman who was telling for the benefit of those on the Newark and Bloomfield trolley car yesterday, who were nearly perished with heat and dust; that during the few weeks he had just been spending in the "old country" he had used up "three umbrellas, two mackintoshes and a pair of gum boots."

These warm nights the open cars are a temptation and "trolley parties" are much in vogue. The usual programme seems to be that the parties stop at Davis' on Main Street, Orange, and refresh themselves with ice cream and soda before returning. Large parties frequently come over from Orange and make themselves heard all along the route. It is said that a few days since a special car brought over Governor Werts and a party of gentlemen, who greatly admired the beauty of our park and surroundings.

Mrs. Schouler and family return from Maine this week and also Mr. and Mrs. Edward W. Baldwin and family and Mr. and Mrs. Wyman who have been at Point Pleasant.

Mr. Pierson and family are expected home this week. They have been visiting Old Forge, the camp of the Adirondack League Club, of which Mr. Pierson is a member.

Mrs. Zabriske, who is residing with her son, Mr. John G. Zabriske, of Winsor Place, is being dangerously ill at her residence.

Mr. and Mrs. Maria Belloni are spending their vacation at the Curtis cottage, Point Pleasant.

Mr. Edwin Hynes and his mother of Ridgewood Avenue returned from their trip to Lake George this week.

Glen Ridge Hall has been put in perfect sanitary condition preparatory to the opening of Miss Northall's school. See advertisement.

The Borough is to be well provided with both public and private schools this fall.

Miss Freeman's Kindergarten opens September 30th at her residence, 14 Lincoln Street.

Contracts with five teachers have been made by the Board of Education for the public school classes.

The Borough Council met on Monday night and transacted the usual routine of business. The Road Committee reported the completion of work on Midland Avenue. The Borough side of Washington Place has also been put in shape and the weeds cut down. Work on Highland and Bloomfield Avenues will follow.

There was a discussion of the home plumbing question, and the matter of ventilation was referred to the Sewer Committee for conference with the Health Board.

Mr. and Mrs. George Rouband and family have returned from their trip to Thousand Islands.

Another of the late numerous Glen Ridge runaways took place on Hillside Avenue Thursday afternoon.

A party of four ladies were driving north on the street named when one of the traces broke. The horse having nothing to check him immediately started to run, frightened by the harness dangling around his legs. The animal was stopped near Clark Street before any real damage was done.

Chas. H. Selick, who was expected to return home this week from Europe, was unable to do so on account of the overcrowded condition of the steamers.

Master George Selick is spending a few days with relatives in New York.

Addison Rouband and family have returned to their home in Brooklyn, having spent the month of August here.

Miss Maude Thompson is expected home to day from Montreal, Canada.

Joseph Gallagher and family are at Tannersville in the Catskills.

Miss Rebecca Sherman is at Hunter in the Catskills.

Mrs. F. S. Benson has gone to Boston.

Mrs. E. W. Morris of Hillside Ave., has gone to Belmont.

Frank V. Oakes is spending his vacation at Montour Falls, New York.

**Burning Accident.**  
Mrs. William McDougall, residing at Andrew Wickham's private boarding house on Watessing Avenue, was severely burned about the face and body Monday afternoon. The accident was caused by the igniting of a can containing gasoline, which had been used to supply a patent stove in the kitchen. Mrs. McDougall shouted for help and Mr. Wickham's son, who was in an adjoining room, ran to her rescue. The young man extinguished the flames which had set fire to the wood work and then started to carry the blazing can out of doors. He had almost reached the door when the can fell from his hands. Mrs. Wickham and Mrs. McDougall seized brooms and attempted to sweep the burning mass out of the room. In doing so they set fire to Mrs. McDougall's dress. Instantly she was enveloped in flames. A colored servant grasped a heavy blanket and threw it around Mrs. McDougall while others threw water on her. The servant became excited and jumped from a window severely bruising herself. The dress was burned from Mrs. McDougall's body and she suffered agonizing pain. After a long delay the services of Dr. Gray of East Orange were secured and he dressed Mrs. McDougall's burns.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven it to be constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio.
